

# PERSONALIZE YOUR LANGUAGE LEARNING JOURNEY

## ENGLISH AND FRENCH COURSES

Build a study schedule combining topics that match your personal interests, goals, and dreams.

*Like Bruno, most students choose general English or French study and then choose from our variety of skills electives to fit their own unique schedule.*

### STEP 1

#### BEFORE YOU ARRIVE, CHOOSE YOUR SCHEDULE AND DECIDE HOW MANY WEEKS YOU WANT TO STUDY

ILSC schedules combine Core courses, which take a holistic, multi-skills approach to language development, with Skills electives, which provide a narrow skill focus or specialized course content. ILSC's variety of schedules provide different levels of intensity depending on how quickly you want to progress.

*Bruno has decided to take the Full-Time schedule, because he wants to balance his English progression with enjoying the city in the afternoons*

### HOW IT WORKS

### STEP 2

#### CHOOSE YOUR COURSES ON YOUR FIRST DAY

ILSC will assess your level, then you'll find out which courses are running and you can choose the ones that interest you. ILSC offers courses in areas like Communication, Business English or French, Academic and Test Preparation, and Creative and Cultural Language.

*Bruno decided to start with Business English as his Core course, because he is passionate about a future career in international business, and Conversation as his Skills elective so that he can work on speaking and listening*

### STEP 3

#### CHOOSE NEW COURSES EVERY SESSION

At ILSC, a new session starts every 4 weeks. Choose new courses, or continue taking the ones you love.

*Bruno made great progress and will continue to take Business English at a higher level during his second session; but instead of Conversation, he will enroll in the Public Speaking Skills elective along with some of his new friends who recommended it. Now Bruno and his friends can practise their public speaking together!*

## LANGUAGE PROGRAMS AND MASTERIES

Programs are packages of specific courses that allow you to learn with other students who share the same goals as you.

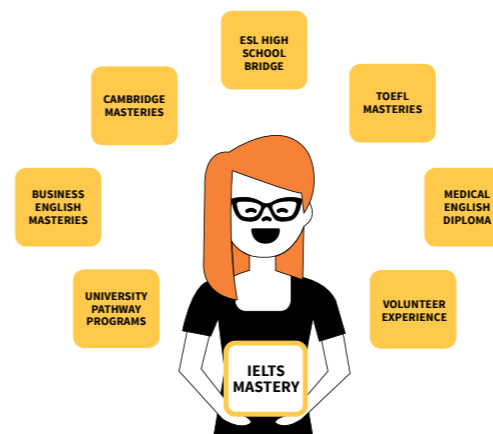

*Some students, like Jenny, are looking to achieve a specific goal and prefer to take one of our pre-set Language Programs.*

### HOW IT WORKS

### STEP 1

#### CHOOSE YOUR PROGRAM

ILSC offers a variety of pre-set programs to support specialized language learning needs. You can trust ILSC's curriculum experts to design programs that will help to achieve your goal.

### STEP 2

#### GET STARTED ON YOUR STUDY PATH

Once you have enrolled in your program of choice, you will take a pre-designed set of courses that will put you on the fast track to achieving your goal.

*Since Jenny has chosen to enroll in the IELTS Mastery program, she will take IELTS courses throughout the day with a group of students who have the same goal as her: to practise and prepare for success on the official IELTS test.*

### STEP 3

#### COMPLETE AND RECEIVE YOUR CERTIFICATE

Once you successfully complete the required courses in your program, you will receive your certificate, leave with new skills and confidence, and will be ready for your next big step!

*Now that Jenny has completed her IELTS Mastery Program, she will receive her program certificate and reach her target score on the IELTS test with ease. With her IELTS test successfully under her belt, Jenny has a world of possibilities in her future!*
